

NATIONLED

THE RELIABLE LED SCREEN TECHNOLOGY

GRAPHITE SERIES

SLEEK AND SOPHISTICATED DESIGN

Especially designed for Rental and Staging

LIGHT WEIGHT

ERGONOMIC DESIGN

HIGH BRIGHTNESS

QUICK INSTALL

HIGH REFRESH RATE

CERTIFIED KINGLIGHT LAMP

EASY MAINTENANCE

CURVEABLE

PLUG & PLAY

OPTIONAL SIGNAL AND POWER BACKUP

GRAPHITE SERIES

Nation LED's Graphite Series is especially designed for rental & staging LED products cater to versatile indoor/ outdoor events!

creating fascinating visual effects for diverse stages and big events

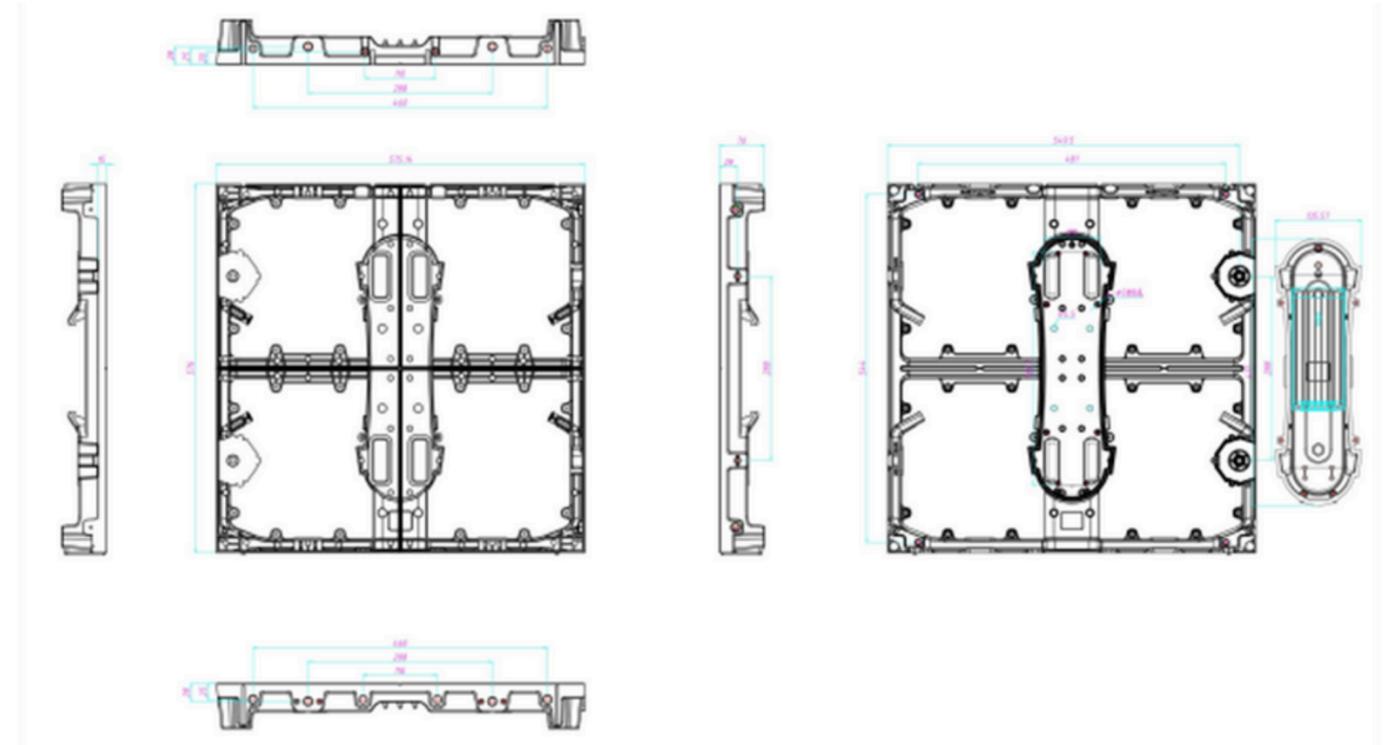

AN IMPECCABLE VISUAL EXPERIENCE

- HDR supported LED technology
- Sustainable choice, low energy consumption
- Front service

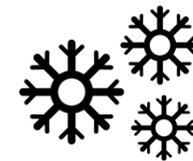

INDOOR & OUTDOOR SERIES

P3, P3.79, P3.84, P4.8 (576 x 576 SERIES)

APPLICATION FIELDS

- Touring productions
- Festivals
- Corporate events
- Indoor Sports Event

IP 41

MAGNETIC MODULE PROTECTION

PixelPitch	3.79mm
LEDType	3-in-1SMD
IC	ICN2153
LAMP	Certified Kinglight Lamp
PixelDensity	69,696pixels/m²
Brightness	1000 Nits
PixelsPerPanel	23,104pixels
ModuleSize	W288mm×H288mm
ModuleResolution	76x76dots
PanelSize	W576mm×H576mm×D70mm
PanelResolution	152x152dots
PanelWeight	8kg/panel
ModuleMaintenance	Front/Rear
Curve	optional
AspectRatio	1:1
PanelArea	0.33m²
RecommendedViewingDistance	≥3.8m
Environment	indoor
Protectionlevel	IP41

P 3.79 INDOOR - GRAPHITE SERIES

Demanding Product

Controlunit	NovaStar
BrightnessControl	Software/Automatic
HorizontalViewingAngle	140.
VerticalViewingAngle	120.
ContrastRatio	8,000:1
InputPower<Max>	≤580W/m ²
InputPower<Typical>	300W/m ² ~ 380W/m ²
InputVoltage	105V~240V
RefreshRate	3840@60Hz
VideoFrameRate	50/60Hz
InputPowerFrequency	50~60Hz
LEDLifeTime	100,000Hours
OperatingTemperature	-10°C~+45°C
OperatingHumidity	10-80%NoCondensation
StandardMountingConfiguration	Hanging,Stacking
Certificate	CE, ETL, FCC, UKCA, BIS
